

What's more important than peace of mind?

Take control of your health with an on island **Advanced Health & Wellbeing Assessment.**

A family of four is walking away from the camera on a beach at sunset. The father is in the center, wearing a blue and white checkered shirt and brown shorts. The mother is on the right, wearing a floral dress and a wide-brimmed hat. Two children, a boy and a girl, are walking on either side of the parents, holding their hands. The beach is wet, and the sun is low on the horizon, creating a warm, golden glow. The ocean waves are visible in the background.

Specialist
Group

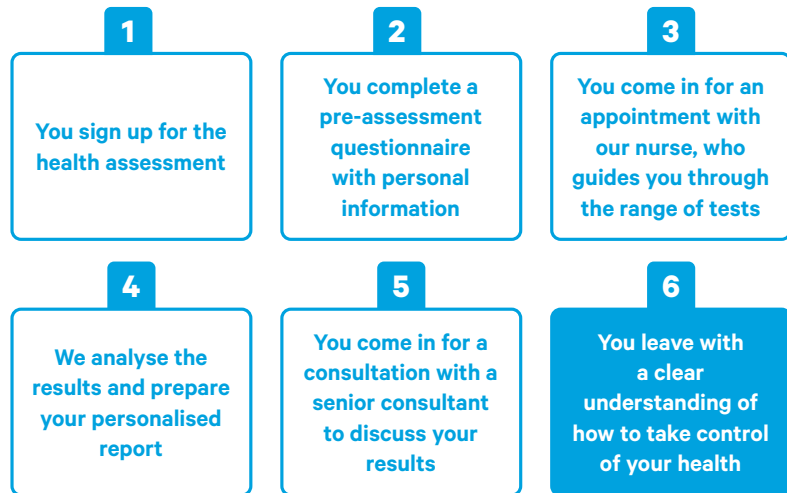

Trust the experts at MSG with a comprehensive consultant led analysis of your health and physical wellbeing. Using 47 different lifestyle, medical and non-invasive tests, our assessments help you understand how to take control of your health – discussing potential issues whilst also reinforcing good behaviours and giving you a personalised health profile:

- ✓ Peace of mind about your health and wellbeing
- ✓ Improve your awareness of potential health conditions
- ✓ Time to talk to a senior consultant about issues or concerns
- ✓ Access early disease detection, diagnosis and action
- ✓ Direct referrals to specialists if needed
- ✓ Personalised wellness programme
- ✓ On island – no need to travel

What's included?

- A comprehensive range of 47 tests using the latest health testing technology, including:
 - Physical markers including BMI, blood pressure, ECG
